### Financing support for SMEs offered by AECM members

Nota bene:

- Financing support means in the case of most members credit guarantees and not direct loans or grants. Applications are to be submitted in many cases via the house bank.
- This list is only as exhaustive as possible.
- Updates of member websites might be registered with a delay.
- Members without a dedicated corona site potentially still offer guarantee programmes to mitigate the covid crisis.

An overview of the concrete support measures offered by members of AECM, ELTI and NEFI can be found under this link : [Overview of measures against the economic impact of the COVID-19 outbreak](#)

**About us**

The 48 members of the **European Association of Guarantee Institutions (AECM)** are operating in 30 countries in Europe. They are either private sector guarantee schemes or public promotional institutions or banks. Their mission is to support SMEs in getting access to finance. They provide guarantees to SMEs that have an economically sound project but do not dispose of sufficient bankable collateral. AECM's members operate with counter-guarantees from regional, national and European level. At the end of 2018 AECM's members had more than EUR 112 billion of guarantee volume in portfolio, thereby granting guarantees to almost EUR 3 million SMEs. AECM's members are by far the most important counterparts of the EIF concerning EU counter-guarantees, handling EU guarantees from the very beginning in 1998.
